

A sneaky peek of what's inside!

It had Creature's head. But it also had an enormous, balloon-like bottom, and eight extremely hairy legs.

'He's turned into a *spider*!' Nora gasped.

Alexis opened her eyes a crack, screamed, and closed them again. Jake felt the hairs on the back of his neck rise. Then he remembered the new Creature.

'Where'd the other one go?'

They all looked round. The new Creature was nowhere to be seen.

Nora bit her lip. 'What shall we do?'

Jake looked up at Spider-Creature on the ceiling. 'We'll have to try to catch Creature first, then look for the new one . . . oh no, where's he going now?'

Spider-Creature was skittering along the ceiling. Jake and Nora ran after him, followed reluctantly by Alexis.

'Why do you think he keeps changing?' Jake called to Nora as they dodged tables, trying to keep Creature in their sights.
